

# Interstate Health Requirements

<http://www.doctorramey.com/interstate-health-requirements/>

October 27, 2011

Are you shipping your horse somewhere in the United States?

If so, you need to know the requirements for the state to which you are shipping. [CLICK HERE to the USDA-APHIS link for the current interstate transport regulations for each state.](#)

If you're shipping within the state you live in, there's no requirement for any inspection, blood testing, or health papers.
